

CYBER CRIME WING, CID, MEGHALAYA POLICE GUIDELINES FOR CITIZENS

Internet / Mobile Phone Guidelines

- ✦ Never post your personal information, such as a cell phone number, home number, home address, or your location on any social networking site or through mobile apps like facebook, whatsapp, Instagram, etc.
- ✦ Don't be happy if someone praises you online. Do not get motivated for likes on your pics and upload more.
- ✦ Think carefully before posting pictures or videos of yourself. Once you've put a picture of yourself online most people can see it and may be able to download it, it's not just yours anymore.
- ✦ Refuse friend request on your facebook account from unknown entities / strangers.
- ✦ Avoid posting the future plans and activities which you are going to do in networking sites.
- ✦ Don't meet up with people you have met online. If someone asks to meet you, tell your parents or guardian right away. Remember that not everyone online is who they say they are.
- ✦ Never respond to mean or rude texts, messages, and e-mails. You may need to block such numbers / IDs who continuously bother you or post things that are not appropriate.
- ✦ Keep your privacy settings on social networking sites as high as possible.
- ✦ Never share your password with anyone, including your best friend. The only people who should know your password are your parents or guardian. When you use a public computer make sure you logout of the accounts you've accessed before leaving the terminal.
- ✦ A keylogger is basically spyware and records your keystrokes so that your username and password are made available to Cyber cafe owner or any Attacker. These records may type directly into Hacker's machine or collected afterwards through a file transfer. Some of Cyber Cafes may use Hardware keyloggers that is connected as an intermediary between keyboard cable and the CPU.
- ✦ Do not open e-mails, suspicious attachments or click links received from unknown persons. This may lead to unauthorized access of your device by cyber criminals.
- ✦ Beware of unsolicited Emails/SMS/MMS that promise you money, jobs or prizes, or ask for donations, propose lucrative business deals.
- ✦ Do not supply any information on the bogus website that may appear in your browser.
- ✦ Download free softwares with care and caution as these may contain malware.
- ✦ Keep your internet browser up-to-date and enable features such as a pop-up blocker.
- ✦ Do not use or purchase a used SIM card. Make sure your SIM card is bought and registered under your name.
- ✦ Do not purchase used mobile handset without verifying the authenticity of the seller and the purchase invoice.
- ✦ Never lend your mobile phone to others. Protect your phone with password.
- ✦ Do not use the mobile for obscene/pornographic images, videos or SMS and MMS.
- ✦ Never leave your phone unattended. Treat it like you would treat your wallet/purse.
- ✦ Record the unique 15 digit IMEI number. In case Mobile phone is stolen/lost, this IMEI number is required for registering complaint at Police station and may help in tracking your mobile phone through service provider. Type *#06# to get IMEI.
- ✦ In case your mobile is lost or stolen contact service provider immediately to block the SIM card.
- ✦ Enable your mobile phone number and e-mail with your banking transactions for timely SMS and e-mail alerts. Your Financial Institution or Bank will never send you an e-mail or call you asking you to provide your Banking details online.

Be safe while surfing online. If any crime occurs, report the matter to the nearest Police Station or Cyber Crime Police Station immediately.
